Introduction

This specification contains necessary information for both candidates and Approved Programme Providers (APPs) about the WSET Level 1 Award in Spirits.

The main part of the document is a detailed statement of the learning outcomes of the Level 1 Award in Spirits. These outcomes should be used by APPs to prepare programmes of learning, and by candidates to plan their studies, because the examination is specifically set to test these outcomes.

The specification also provides a list of recommended tasting samples, guidance concerning the examination (including syllabus weighting), sample examination question and the examination regulations.

At the end of this document you will also find information on the other WSET qualifications and WSET's qualification division WSET Awards.

1 Introduction to the WSET Level 1 Award in Spirits

Qualification Aims

The WSET Level 1 Award in Spirits is intended for people who have little or no prior knowledge of spirits. It is designed to provide a sound but simple introduction to spirits. The qualification will assist those who need a basic familiarity with the main styles and categories of spirits, for example people who work with spirits as part of a larger beverage portfolio, in the retail and hospitality sectors.

Successful candidates will be able to list the principal categories of spirits, state their defining characteristics, and know the key principles involved in the storage and service of spirits. They will consequently be in a position to answer customer queries and provide recommendations for spirits service.

Qualification Structure

Learning Outcomes

In order to meet the qualification aims there are three learning outcomes.

| | |
|---------------------------|--|
| Learning Outcome 1 | List and state the purpose of the main ingredients production processes and stills commonly used in the production of spirits. |
| Learning Outcome 2 | Name the principal categories and types of spirits and state their defining characteristics. |
| Learning Outcome 3 | Know and recognise the common equipment and principles involved in the storage and service of spirits. |

Enrolment

There are no restrictions on entry to the WSET Level 1 Award in Spirits. Candidates who are under the legal minimum age for the retail purchase of alcoholic beverages in the country where the examination is being held, or those who choose not to taste alcohol for health or religious reasons, will not be allowed to sample any alcoholic beverage as part of their course, but this is not a barrier to successfully completing the qualification.

Guided Learning Hours

The recommended teaching delivery time for this programme is no less than six hours and no more than nine hours.

Recommended Progression Routes

The WSET Level 1 Award in Spirits, or an equivalent level of experience, is recommended for entry to the WSET Level 2 Award in Spirits.

4 Examination Guidance

Examination Administration

Examinations are conducted by WSET Approved Programme Providers (APPs). Administratively, APPs must comply with the criteria and codes of practice set out in the Operating Handbook.

Assessment Method

The WSET Level 1 Award in Spirits is assessed by a closed-book examination that consists of 30 multiple-choice questions, to be completed in 45 minutes.

All examination questions are based on the published learning outcomes and the recommended study materials contain the information required to answer these questions.

A candidate is required to pass with a minimum mark of 70 per cent.

About the WSET Level 1 Award in Spirits Examination

The WSET Level 1 Award in Spirits examination paper consists of 30 multiple-choice questions. Each question has only one correct answer, which should be indicated on a computer-readable answer sheet. The examination invigilator will give the full instructions on how to complete the answer sheet on the day of the examination. Each correctly answered multiple-choice question is worth one mark, and marks are NOT subtracted for incorrect answers.

All WSET Level 1 Award in Spirits examination papers are carefully compiled to reflect the syllabus. A chart giving a detailed breakdown of the examination weighting is shown below.

| Learning Outcome | Multiple-Choice Questions (1 mark per question) |

- Subsequently, WSET Awards posts candidates' letters and certificates to APPs, who are responsible for forwarding these documents to their candidates.
